

SECOND TO NONE

2ND INFANTRY 2DIVISION

SECOND-TO-NONE KOREA-1950-51

FOREWORD

Being cognizant of the problems encountered not only in equipping the individual combat soldier, but also the manner in which he will carry his equipment without impairing his combat efficiency or the efficiency of his unit, a Board of Officers was appointed to make recommendations based upon observations made during continuous close combat in all types of terrain and wide ranges of temperature, as experienced in Korea, 1950-51.

The first board met pursuant to paragraph 7, Special Order 118, dated 2 May 1951, Second Infantry Division, vicinity Hongchon, Korea, on 5 May 1951.

Following the "Battle of the Soyang River", a second board was appointed and met pursuant to paragraph 13, Special Order 174, dated 27 June 1951, Second Infantry Division, vicinity Hongchon, Korea, on 5 July 1951. A re-study of the recommendations of the first board was completed. The findings of this board have become standard throughout the Division.

No effort is made here to change or recommend changes in the T/O&E. This is a factual solution, based on combat experience in Korea, for carrying or transporting items of clothing and equipment listed. The experiences obtained, as outlined herein, are passed on for the information of the addressees.

Compliments
Commanding General
2d U.S. Inf. Div.

INDEX

- 1. Orders Appointing the Board.
- 2. Distribution.
- 3. Individual Clothing, Summer.
- 4. Individual Clothing, Winter.
- 5. Individual Equipment, Summer.
- 6. Individual Equipment, Winter.

- * May be carried at a lower level than regiment if so desired by the unit commander.
- ** Suit, snow, white reversible; Issue only to letter companies of Infantry regiments.
- *** Overcoat M-7 will be issued to all personnel not issued snow suit white reversible.

 Extra clothing authorized for the individual, is carried by the unit cothing exchange, normally located at the unit shower point. Laundry facilities are provided by the division quartermaster and supporting army laundry units. Utilization of these facilities have enable the individual soldier to obtain a change of clothing every four days.

- * Additional items may be carried at a lower level than regiment if so desired by the unit commander.
- ** Can, Meat: It is recommended that consideration be given to eventually replace this item with the stainless steel mess tray. It is not believed that the plastic tray would be a satisfactory substitute when breakage is considered. The present tray could be reduced in size. The substitution would result in an appreciable reduction of storage space in the kitchen truck where the meat can is presently carried by the company.
- *** Canteen M-1910: It is recommended that two(2) canteens be carried in the summer months (15 May to 30 September).
- **** Pack, field, combat M-1945: Issued only to the Engineer Combat Battalion and the letter companies of the Infantry Regiments.

Headnets will be available at the DQM.

1,500 grenade pouches per regiment are authorized, when available.

The Cap, HBT will be carried by the regiment in limited quantities for rotatees, returnees, etc. The DQM will issue as requested. Cap, HBT will be carried by the individual in all other units.

Cargo packs (extra shoes, personal articles, etc.) will be located far enough in the rear so that they will not hinder the mobility of the unit. Location to be selected by the unit commander. However, when the cargo pack is carried by the individual on administrative moves the horse-shoe roll will be transported by the individual's unit transportation. The poncho or raincoat will be carried in the cargo pack.

INDIVIDUAL EQUIPMENT, WINTER

Individual summer equipment with the following changes and/or additions:

Items	Unit	EM	Off	Carried by Man	Carried by Co	Carried by Regt
